Product and ordering information

Frame:	Load-bearing parts of the frame made of solid wood and wooden materials, surfaces lined with padded cardboard.
Seat:	Spring system with permanently elastic steel sinuous springs and upper-side cover.
Soft:	PUR foam seat (min. RG 35) structured in layers harmonised in different thicknesses and hardnesses. Seat covered with cotton wadding.
5-coil-spring core:	Spring core seat (Bonell springs) made of drawn spring steel wire. Seat covered with fabric wadding, PUR-foam (min. RG 35) and cotton wadding.
Back:	Fixed back cushions with PUR-foam (min. RG 25) and a cover made of cotton wadding. All suites are standardly delivered with the back covered in the chosen fabric, in leather only available at a surcharge.
Cross sleeper:	Cross sleeper covered with chosen fabric of the suite, in leather covered with a neutral fabric.
Leg:	Metal leg Aluminium Wooden leg - available wood tones according to the wood colour sample card. **Wooden leg oiled oak (at a surcharge)**

All materials used meet the requirements of the DGM according to RAL GZ 430.
The appearnace of the stitching may vary depending on the fabric, leather and synthetic leather used.
The definition of quilted mats and cushions depend on the design or structure.
The appearance of decorative, fell and double seams may vary depending on the fabric, leather and synthetic leather used.
Felled seam: the thread colour is adapted to the respective cover material and its colour.

Upholstery, especially light: "Especially light upholstery" is distinguished by its very soft surface.
When new, the covers already exhibit a pronounced wave pattern based on the design, model and structure.
The upholstery will adjust to the shape of the body and the firmness of the seat will give a little. Minor differences in the seat firmness with add-on elements are design-based and are therefore not a cause for complaint.
All suites are standardly delivered with the back covered in the chosen fabric, in leather only available at a surcharge.
All material-related information can be found on the back of the individual fabrics and leathers in our fabric and leather sampler.

All dimensions in the price list are approximate dimensions in centimeters, determined according to the usual measuring method (see RAL-GZ 430) and in unused new condition
Please note that in the case of especially light upholstered furniture, particularly in the seat height and seat depth, recognizable dimensional deviations to the dimensions stated can arise. We res
shape, colour and design in the scope of technical progress.
Please always order from left to right as if standing in front of the suite.
Please note:
Each element with an armrest must always be combined with a basic element for technical reasons
(e.g. long chair, corner element, corner...). Elements with only one or without armrests cannot be placed seperately or be combined with each other.
An element can be a basic element by means of a universal support foot (available at a surcharge)
Attention! Only possible for elements without function and with only one armrest.
