

# Model 1080

Typical product properties, warranty conditions, safety instructions, and instructions for use and care are included in the furniture product passport ([www.carina-polstermoebel.de](http://www.carina-polstermoebel.de))

# Model 1080

## **Product and ordering information**

<b>Frame:</b>	Load-bearing parts of the frame made of solid wood and wooden materials, surfaces lined with padded cardboard.
<b>Seat:</b>	Spring system with permanently elastic steel sinuous springs and upper-side cover.
<b>Upholstery - Soft:</b>	PUR foam seat (min. RG 35), structured in layers harmonised in different thicknesses and hardnesses. Seat covered with cotton wadding.
<b>Upholstery - Spring core:</b>	Spring core seat made of drawn spring steel wire (except for stool). Seat covered with fabric wadding, PUR foam (min. RG 35) and cotton wadding.
<b>Back:</b>	Back made of ergonomically shaped foam (min. RG 25). Cover made of cotton wadding. Suites are standardly delivered with the back covered in the chosen fabric, in leather only available at a surcharge.
<b>Cross sleeper:</b>	Cross sleeper covered with chosen fabric of the suite, in leather covered with a neutral fabric.
<b>Leg:</b>	Metal leg (chrome-plated)

All materials used meet the requirements of the DGM according to RAL GZ 430.

The distribution of the stitching may vary for fabric, leather and synthetic leather processing.

The definition of quilted mats and cushions depend on the design or structure.

The processing of decorative, fell and double seams may vary in the fabric, leather and synthetic leather variants.

*Felled seam* : The colour of the thread is adapted to the respective cover material and its color.

Upholstery: Soft, light upholstery structure for which a wave formation in the covers and seat imprints are included based on the model or desired design.

The upholstery will adjust to the shape of the body and the seat rigidity will decrease slightly. Minor differences in the seat hardness with add-on groups are design-based and are therefore not a cause for complaint.

All suites are standardly delivered with the back covered in the original cover. Available in leather at a surcharge. All material-related information can be found on the back of the individual fabrics and leathers in our fabric and leather sampler.

All dimensions in the price list are approximate dimensions in centimeters, determined according to the usual measuring method (see RAL-GZ 430) and in unused new condition

Please note that in the case of especially light upholstered furniture, particularly in the seat height and seat depth, recognizable dimensional deviations to the dimensions stated can arise. We reserve the right to make changes in shape, colour and design in the scope of technical progress.

**Please always order from left to right as if standing in front of the suite.**

**Please note: Each element with an armrest must always be combined with a basic element for technical reasons**

**(e.g. long chair, corner element, corner...). Elements with only one or without armrests cannot be placed separately or be combined with each other.**

**An element can be a basic element by means of a universal support leg (available at a surcharge - on request).**

**Attention! Only possible for elements without function and with only one or without armrest.**

# Model 1080

## Additional product and ordering information

### Armrests:

**ATTENTION!** All specified dimensions are including armrests!

**A**

**Armrest A:** Total width approx. 29 cm, overall width 27 cm (is 2 cm on the seat)

### Legs:

Leg for armrest  
**Metal leg (chrome plated)**

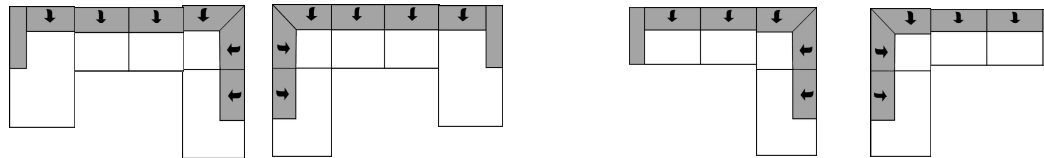

Leg for suite/stool  
**Metal leg (chrome plated)**
