## Product information and ordering information

|                             |  |
|-----------------------------|--|
| <b>Frame:</b>               | Load-bearing parts of the frame made of solid wood and wooden materials, surfaces lined with padded cardboard.   |
| <b>Seat:</b>                | Spring system with permanently elastic steel sinuous springs and upper-side cover.   |
| <b>Soft:</b>                | Seat made of PUR-foam (minimum density 35), structured in layers harmonised in different thicknesses and hardnesses. Covered with cotton wadding.  |
| <b>Back:</b>                | Back made of ergonomically shaped foam (min. RG 25). Cover made of cotton wadding.   |
| <b>Seat height:</b>         | Seat height selectable   |
| <b>Leg:</b>                 | Star-shaped base aluminium shiny / star-shaped base in black matt  |
| <b>Headrest adjustment:</b> | The headrest can be highly individually tilted or placed upright.  |
| <b>Function:</b>            | <b>Manual function:</b> By pulling the lever on the inside of the armrest in conjunction with body pressure the foot section can be raised to extend the leg support and the reclining angle of the backrest can be adjusted to its ideal position.<br>With a <b>motorised chair</b> this function is activated by the touch of a button.<br>In addition to this function the motorised chair is also equipped with an USB-charging port placed next to the buttons. |

All materials used meet the requirements of the DGM according to RAL GZ 430.  
The distribution of the stitching may vary depending on the fabric, leather and synthetic leather used.  
The definition of quilted mats and cushions depend on the design or structure.  
The appearance of decorative, fell and double seams may vary depending on the fabric, leather and synthetic leather used.  
The piped trim is adapted to the respective cover material and its colour.

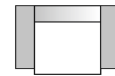

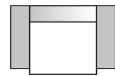

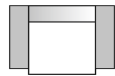

*Upholstery soft/ light:* A soft and light upholstery in which a model-related or design-based wave formation of the covers, as well as seat prints are typical  
The upholstery will adjust to the shape of the body and the firmness of the seat will give a little. Minor differences in the seat firmness with add-on elements are design-based and are therefore not a cause for complaint.  
All suites are standardly delivered with the back covered in the chosen fabric. All material-related information can be found on the back of the individual fabrics and leathers in our fabric and leather sampler.

All values in the price list are approximate dimensions in centimeters, determined according to the usual measuring method (see RAL-GZ 430) and in unused new condition  
Please note that in the case of especially light upholstered furniture, particularly in the seat height and seat depth, recognizable dimensional deviations to the dimensions stated can arise. We reserve the right to make changes in shape, colour and design in the scope of technical progress.

hier angegebenen Maßen auftreten können. Änderungen in Form, Farbe und Konstruktion im Rahmen des technischen Fortschritts behalten wir uns vor. **WEEE-Reg.-Nr. DE 34953752**
