

Model 9032

Typical product properties, warranty conditions, safety instructions, and instructions for use and care are included in the furniture product passport (www.carina-polstermoebel.de)

Model 9032

Product and ordering information

Frame:	Load-bearing parts of the frame made of solid wood and wooden materials, surfaces lined with padded cardboard.
Seat:	Spring system with permanently elastic steel sinuous springs and upper-side cover.
Upholstery SOFT:	PUR foam seat (min. RG 35), structured in layers harmonised in different thicknesses and hardnesses. Seat covered with cotton wadding.
Back:	Back made of ergonomically shaped foam (min. RG 25). Cover made of cotton wadding. Back cover in real cover
Leg:	metal skid n° 442 shiny chrome metal skid n° 443 balck matt

All materials used meet the requirements of the DGM according to RAL GZ 430.

The distribution of the stitching may vary depending on the fabric, leather and synthetic leather used.

The definition of quilted mats and cushions depend on the design or structure.

The appearance of decorative, fell and double seams may vary depending on the fabric, leather and synthetic leather used.

The piped trim is adapted to the respective cover material and its colour.

Firm upholstery: Upholstery structure in which the wave formation of the covers largely through constructive measures (prestressed upholstery) is avoided.

Construction or model-related trains, e.g. curves and gathers are design and construction related.

The upholstery will adapt to the body shape or the seating strength will decrease slightly. Slight differences in the seat hardness in add-on assemblies are construction-related and therefore not a reason for complaint.

All values in the price list are approximate dimensions in centimeters, determined according to the usual measuring method (see RAL-GZ 430) and in unused new condition. Please note that in the case of especially light upholstered furniture, particularly in the seat height and seat depth, recognizable dimensional deviations to the dimensions stated can arise. We reserve the right to make changes in shape, colour and design in the scope of technical progress.
