

Model Maite

Typical product properties, warranty conditions,
safety instructions, and instructions for use and care are included in the
furniture product passport (www.carina-polstermoebel.de)

Model Maite

Product information and ordering information

Frame:	Load-bearing parts of the frame made of solid wood and wooden materials, surfaces lined with padded cardboard.
Seat:	Spring system with permanently elastic steel sinuous springs and upper-side cover.
Soft:	Seat made of PUR-foam (minimum density 35). Covered with cotton wadding.
Back:	Fixed back cushions with PUR-foam (min. RG 25) and a cover made of cotton wadding.
Leg:	Wooden leg - wood tones according to our wood-colour sample card

All materials used meet the requirements of the DGM according to RAL GZ 430.

The distribution of the stitching may vary depending on the fabric, leather and synthetic leather used.

The definition of quilted mats and cushions depend on the design or structure.

The appearance of decorative, fell and double seams may vary depending on the fabric, leather and synthetic leather used.

Felled seam : The colour of the thread is adapted to the respective cover material and its colour.

Tight upholstery: upholstery structure in which the wave formation of the covers is largely avoided by design measures (prestressed upholstery)

Design or model related characteristics, e.g. at the roundings and gatherings are design and construction related.

The upholstery will adjust to the shape of the body and the firmness of the seat will give a little. Minor differences in the seat firmness with add-on elements are design-based and are therefore not a cause for complaint.

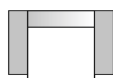

All values in the price list are approximate dimensions in centimeters, determined according to the usual measuring method (see RAL-GZ 430) and in unused new condition

Please note that in the case of especially light upholstered furniture, particularly in the seat height and seat depth, recognizable dimensional deviations to the dimensions stated can arise. We reserve the right to make changes in shape, colour and design in the scope of technical progress.
