Product information and ordering information

Frame:	Load-bearing parts of the frame made of solid wood and wooden materials, surfaces lined with padded cardboard.
Seat:	Spring system with permanently elastic steel sinuous springs and upper-side cover.
Soft:	Seat made of PUR-foam (minimum density 35). Covered with cotton wadding.
Back:	Fix marked back cushions with PUR-foam (at least RG 25) and a cover made of cotton wadding.
Leg:	Metal (chrome plated), wooden leg - available wood tones according to the wood colours sample card

All materials used meet the requirements of the DGM according to RAL GZ 430.

The distribution of the stitching may vary depending on the fabric, leather and synthetic leather used.

The definition of quilted mats and cushions depend on the design or structure.

The appearance of decorative, fell and double seams may vary depending on the fabric, leather and synthetic leather used.

Felled seam : The thread color is adapted to the respective cover material and its color.

Tight upholstery: upholstery structure in which the wave formation of the covers it largely avoided by design measures (prestressed upholstery)

Design or model related characteristics, e.g .at the roundinges and gatherings are design and construction related.

The upholstery will adjust to the shape of the body and the firmness of the seat will give a little. Minor differences in the seat firmness with add-on elements are design-based and are therefore not a cause for complaint.

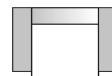

All values in the price list are approximate dimensions in centimeters, determined according to the usual measuring method (see RAL-GZ 430) and in unused new condition
Please note that in the case of especially light upholstered furniture, particularly in the seat height and seat depth, recognizable dimensional deviations to the dimensions stated can arise. We reserve the right to make changes in shape, colour and design in the scope of technical progress.

Please always order from left to right as standing in front of the suite.
