

Model Toronto BASIC

Typical product properties, warranty conditions, safety instructions, and instructions for use and care are included in the furniture productpass (www.carina-polstermuebel.de)

Model Toronto BASIC

Product and ordering information

Frame: Load-bearing parts of the frame made of solid wood and wooden materials, surfaces lined with padded cardboard.

Seat: Spring system with permanently elastic steel sinuous springs and upper-side cover.

Spring Core: Spring core seat made of drawn spring steel wire (except for stool). Seat covered with fabric wadding, PUR foam (min. RG 35) and cotton wadding.

Pocket spring core: Point elastic pocket spring core seat made of drawn spring steel wire (except stool).
Seat covered with fabric wadding, PUR foam (min. RG 35) and cotton wadding.

Back: Back made of ergonomically shaped foam (min. RG 25). Cover made of cotton wadding.
All suites are standardly delivered with the back covered in the chosen fabric, in leather only at a surcharge.

Cross-sleeper: For sofas in fabric covered in the same fabric, for sofas in leather covered in fabric

Longchair: You can use the touch switch to slide the motorised longchair forward.

Armrests: Choice of different armrests

Leg: Choice of metal- or wooden leg
Available wood tones according to our wood colour sample card (including the special colour oiled oak).
The width and size of the legs can differ per type due to technical reasons!
Please note that when confirming the order, the leg numbers might be different for example for longchair, corner elements and stools.

Upholstery soft/light: Soft and loose upholstery where the formation of wave pattern and seat imprints is purposefully based on the design and structure.
The upholstery will adjust to the shape of the body and the firmness of the seat will give a little bit. Minor differences in seat firmness with add-on units are desing based and are therefore not a cause for complaint.

Contrast seam: The contrast seam is always in a beige colour.
For the following covers the contrast seam is NOT possible:
Easy Care, Trend und Velvet.
For all other fabrics and leathers the contrast seam can be ordered as an option (at a surcharge)!
Please always mention with your order if the contrast seam is required or not.

Stool / Stool bench: Only available in the seat design "Soff"!
Seat made of PUR-foam (min. RG 35). Seat covered with cotton wadding.
Only available in seat height SH 46 cm!

Model Toronto BASIC

Product and ordering information

All materials used meet the requirements of the DGM according to RAL GZ 430.

The appearance of the stitching may vary depending on the fabric, leather and synthetic leather used.

The definition of quilted mats and cushions depend on the design or structure.

The appearance of decorative, fell and double seams may vary depending on the fabric, leather and synthetic leather used.

Felled seam, the thread colour is adapted to the respective cover material and its colour.

All values in the price list are approximate dimensions in centimeters, determined according to the usual measuring method (see RAL-GZ 430) and in unused new condition

Please note that in the case of especially light upholstered furniture, particularly in the seat height and seat depth, recognizable dimensional deviations to the dimensions stated can arise.

We reserve the right to make changes in shape, colour and design in the scope of technical progress.

Please always order from left to right as if standing in front of the suite.

Please note that due to technical reasons each element with one armrest always has to be combined with a basic element (e.g. longchair or corner element ...).

Elements with only one or without any armrest cannot be placed separately or be combined with each other.

An element can become a basic element by using the universal support leg.

Attention! Only possible for elements without function and with one armrest.

WEEE-Reg.-Nr. DE 34953752
